

NAVIGATING PUBLIC SERVICES

Accessing public services shouldn't feel overwhelming. This empowering workshop is designed to help people with disabilities confidently navigate essential systems such as transportation, healthcare, housing, education, and social support programs.

Participants will have the opportunity to share experiences, identify common barriers, and learn practical advocacy strategies to overcome challenges. Together, we'll explore helpful community resources and build the knowledge and confidence needed to access services successfully.

 March 18, 2026

 2:00PM – 3:00PM

 8885 Rio San Diego Dr.
Conference Room
San Diego, CA 92108
